

Reference: E-TABLE_ECO_2000

Name: E-TABLE - Individual tables with electric height adjustment

Electric height-adjustable desks, allowing users to change the desk position to work either seated or standing. It is the perfect solution for maintaining proper postural health. Alternating between both positions during the workday is not only beneficial for health but also boosts productivity and creativity.

Motorized system compliant with EN61000-3-3:2013 standard, designed to meet work requirements. Desk surface made of 25 mm thick melamine with 1 mm PVC edge. Tabletop finishes available in beech, gray, white, and oak. Structure made of steel tube and sheet finished in epoxy RAL 9003, with a 2-level height-adjustable column (minimum 715 mm - maximum 1160 mm) using an electric adjustment device to achieve the desired working height easily and quickly. Includes height-adjustable levelers up to 2 cm.

Main materials

Structure réalisée en tube et tôle d'acier.
Plateau réalisé en mélamine de 25 mm d'épaisseur.
Chants en PVC de 1 mm d'épaisseur.
Composants électriques conformes à la norme EN 61000-3-3:2013.
